An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard E. Jenkins on 6/15/05.

The application has been amended as follows:

In claim 9 line 18 "at" has been changed to – entering -.

In claim 19 line 3 "equalizer" has been changed to – crystallizer -.

In the title "AND METHOD" has been deleted.

In the specification on page 1 lines 6-9 "Related....entirety." has been deleted.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is the recitation of an apparatus comprising the combination of a continuous crystallizer tower, dissolver tower, pumps, ammonia source, and carbon dioxide source. The structure of this combination is not taught nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
